Tuesday, 2 February 2016

9:30 – 10:00
Adverse drug reaction in oral cavity (Conference Hall A)
Speaker: Prof. Suha Ali Ahmed Foud Al Bayati

The role of meta-analysis in understanding carries data: Lessons from a high carries population (Conference Hall B)
Speaker: Dr Sharat Pani

9:30 – 10:00
Production of human dental pulp cells for clinical application (Conference Hall F, French session)
Speaker: Prof. Jean Christophe Fayges

9:30 – 11:00
Novel techniques to repair defective labial plate of bone deficiencies (Conference Hall C)
Speaker: Dr Abdul Salam Elakvary

10:00 – 11:00
Simply invisible: Direct anterior aesthetic restoration (Conference Hall A)
Speaker: Dr Michael Dieter

Styleitaliano in the posteriors area (Conference Hall B)
Speaker: Prof. Angelo Putignano

10:15 – 12:00
Pulotally impacted canines: Clinical management and biomechanic control (Conference Hall D)
Speaker: Prof. Cirulli Munoz

11:15 – 11:45
Plaque, sugar, obesity, diabetic and smoking: Reassessing risk factors (Conference Hall C)
Speaker: Crawford Bain

Updates on orthodontic treatment planning with the use of temporary anchorage device (Conference Hall D)
Speaker: Dr Bilal Koleilat

12:00 – 13:00
Is Pulp Inflammation A Pre requisite for Pulp Healing and Regeneration? (Conference Hall F, French session)
Prof. Michel Goldberg

12:15 – 13:15
The Bone Ring Technique: Results after five years with allografts in 3-D bone augmentation (Conference Hall A)
Speaker: Oren Vukel - Germany

14:00 – 15:00
Whiter than white (Conference Hall A)
Speaker: Dr Zakki Kanaan

Regenerative dentistry in endodontics (Conference Hall B)
Speaker: Dr Sai Kalyan S.

Is marginal loss around implants caused by a provoked foreign body reaction? (Conference Hall C)
Speaker: Prof. Christer Dahlén

An update on reciprocation in endodontics (Conference Hall D)
Speaker: Dr Gianluca Gambarini

15:00 – 16:00
Dental bleaching: I’m a hygienist, I can manage tooth sensitivity. (Conference Hall A)
Speaker: Jasmin Kerakelb

Reparative dentin formation after pulp capping with A4 as root canal sealer, hydrogel and dycal (Conference Hall B)
Speaker: Prof. Michel Goldberg

Again, dental impaction & infection: What to do? (Conference Hall C)
Speaker: Dr Mohamed Koleilat

16:00 – 16:45
Major salivary glands radiography (Conference Hall B)
Speaker: Dr Ioannis Faklaris

11:15 – 12:15
Orthodontics (Conference Hall A)
Speaker: Dr Robert Williams

11:15 – 12:45
Endodontics (Conference Hall B)
Speaker: Martin Trope

11:45 – 12:45
An innovative way of biological adequate bone reconstruction prior to dental implant placement in the maxilla and the mandible (Conference Hall C)
Speaker: Dr Nitz-Claudius Gelirich

12:00 – 12:45
Prevalence and risk factors for early childhood caries in the sultanate of Oman (Conference Hall A)
Speaker: Dr Yahya Al-Nabhani

9:00 – 10:00
Feedback within workplace based assessments: An obligation vs. a motivation (Conference Hall B)
Speakers: Dr Jasmine Kottait & Colin A. Muray

Approaching questionable carious surfaces: Diagnostic strategies (Conference Hall C)
Speaker: Asst. Prof. Elias D. Berdounes

20:30 – 21:45
Twenty-six patients, Contouring the facial bones by four different types of alloplastic materials (Conference Hall D)
Speaker: Prof. Sabah Hasan

Regenerative endodontics: Current perspectives and future directives (Conference Hall E)
Speaker: Dr Sai Kalyan S.

Clinical concepts and new developments in regenerative periodontal therapy (Conference Hall F, French Session)
Speaker: Prof. Anton Sculean

9:45 – 10:45
The role of the dental hygienist in the 21st century (Conference Hall A)
Speaker: Victoria Wilson

10:00 – 10:45
RCADP Digital Intern Management System: A two year evaluation (Conference Hall B)
Speaker: Dr Lilibeth Gaffud

10:00 – 11:00
Impact of 3-D planning on decision making and therapeutic...
TONGUE SANITIZATION

The TS1 Tongue Vacuum Cleaner - Totally Simple, Totally Swift, Totally Sanitized

The tongue is the area with the highest level of bacteria coverage in the mouth (57.3% Quirin et al.).

The revolutionary TS1 is the ideal complement to every professional oral prophylaxis procedure, for Full Mouth Disinfection (FMD) and for specific treatment against halitosis. The TS1 deeply cleans the tongue and removes bacteria effectively out of the oral cavity.

Easy to use for professionals, refreshing and pleasant for patients.

Welcome to the future of professional tongue cleaning – TS1 Tongue Vacuum Cleaner.

For Professionals only!

Oral implantology (Conference Hall F, French session)
Speaker: Prof. Anton Sculean

11:15 – 12:15
Endodontics (Conference Hall E)
Speaker: Rashid El Abed

11:15 – 12:45
Are educational outcomes related to students’ motivations? Assessment and applicability within dental education (Conference Hall B)
Speakers: Andre Assal & Hisham Diab

11:15 – 13:15
Implants and teeth all in the same day (Conference Hall A)
Speakers: Dr. Constantine Oulis

12:00 – 12:45
Osteonecrosis of the jaw on bisphosphonate therapy and oral dental acte: What protocol to apply with a literature still controvery (Conference Hall F, French session)
Speaker: Dr. Boukas Hamid

12:15 – 12:45
Quality check of school-based sealant programme: The Kuwait experience (Conference Hall D)
Speaker: Dr. Jameela Ariga

The current key elements for endodontic excellence (Conference Hall E)
Speaker: Dr. Taser Al Assoumi

12:15 – 13:15
Extensive tooth caries: Elegant strategies to maintain pulp functions (Conference Hall C)
Speaker: Prof. Dimitrios Tsiftas

14:00 – 15:00
Surface conditioning of prosthetic restorations (Conference Hall A)
Speaker: Dr. Michael Dieter

New concept for orthodontic aligners therapy (Conference Hall B)
Speakers: Prof. Taeureen Kim & Dr. Khaled Abouseada

Minimal Invasion, ceramic veneers and direct composite: Preventing teeth for a life (Conference Hall C)
Speaker: Dr. Ajay Juneja

The move to an absolute paperless & server-less practice (Conference Hall D)
Speaker: Mohamad Hijazi

A new concept in 3-D guided implantology: The Twin Guide system (Conference Hall E)
Speaker: Prof. Jafar Mouhby

15:00 – 15:30
Beyond dentistry: Adapting to the changing world (Conference Hall D)
Speaker: Fareed Farooq

15:00 – 15:45
Changing patient expectations and maintenance needs in the ageing dentition (Conference Hall C)
Speaker: Crawford Bain

Managing aesthetic complications in implant dentistry (Conference Hall E)
Speaker: Dr. Hassan Maghizhr

15:00 – 16:00
Digital smile design (Conference Hall A)
Speaker: Milos Miladinov

15:30 – 17:30
Pearls of paediatric dental care (Conference Hall D)
Speaker: Dr. Nabil Ouatik & Prof. Ali Attai

15:45 – 16:30
The future of dental hygiene practice: A practical application (Conference Hall C)
Speaker: Ms. Victoria Wilson

Combined fixed removable prosthesis (Conference Hall E)
Speaker: Dr. Moosa Abuzayda

15:45 – 17:15
The influence of the apical limit, the size of enlargement, and the obturation technique on success in endodontics (Conference Hall E)
Speaker: Martin Trope & Roger Rebez

16:00 – 17:00
The role of CAD/CAM technology in removable prosthodontics (Conference Hall C)
Speaker: Dr. Ahmed El Hamid

16:30 – 17:15
What do I see when examining? (Conference Hall C)
Speaker: Jasmin Kavalek

16:30 – 17:30
Immediate loading: Surgical and prosthetic keys to success (Conference Hall E)
Speaker: Dr. Dimitar Filchev

17:00 – 18:00
Biological oriented preparation technique (Conference Hall A)
Speaker: Dr Antonio Dottore & Lamberto Vilaia

Thursday, 4 February 2016
9:00 – 10:00
Medical emergencies & collapses in the dental clinic, are you ready? (Conference Hall A)

Speaker: Dr Mohammed A. Al-Muharraqi

3D planning of orthodontic treatments using CT Cone Beam and intraoral scanner (Conference Hall B)
Speaker: Prof. Cirulli Nunzio

Video modelling and reducing anxiety related to dental injections (Conference Hall C)
Speaker: Dr. Abbeer Al Namankany

Restoring the vertical dimension in occlusion in cases of severely worn dentition (Conference Hall D)
Speaker: Dr. Ivan Chakalov

The combined use of bone grafts and osseointegrated implants in patients with moderate to extreme bone deficiency (Conference Hall E)
Speaker: Jean-Francois Tulasse

Papillon-Lefèvre Syndrome: A report of two family’s cases (Conference Hall F, French session)
Speaker: Dr Meddad Malika

10:00 – 11:00
Laser wavelengths, what is that? (Conference Hall A)
Speaker: Dr Monal Zabeer Agha

Aesthetics benefits of orthognathic surgery (Conference Hall B)
Speaker: Dr. Nassir Al Asseri

Chemical preparation and pain control in the root canal treatment (Conference Hall C)
Speaker: Prof. Philippe Steinman

Use of Photo Activated Disinfection (PAD) for disease control (Conference Hall D)
Speaker: Ian Thompson

TMJ considerations in orthognathic surgery (Conference Hall E)
Speaker: Dr. Mohammed Nader Shah

Antibiotic prophylaxis in cardiovascular disease: What is the best recommendation to adopt? (Conference Hall F, French session)
Speaker: Dr. Istafi Rasid

11:15 – 11:45
Clinical decision making of pulpal involved teeth (Conference Hall A)
Speaker: Dr. Maryam Abdulla Hamad Al Sharqi

11:15 – 12:00
Psychosocial implications of facial deformities in adults (Conference Hall B)
Speaker: Dr. Nassir Al Manthery

11:15 – 12:45
Current trends of barrier membranes for guided bone regeneration (Conference Hall E)
Speaker: Prof. Christer Dublin

11:15 – 12:45
Common errors in ceramic crowns and veneers: Clinical...
and technical solutions (Conference Hall C)
Speaker: Drs Khairy Dalati & Faysal Succaria
11:30 – 12:30
Association between rheumatoid arthritis and periodontal diseases (Conference Hall F, French session)
Speaker: Dr Meddad Malika
11:45 – 12:45
Update in paediatric dentistry from UK: The “Hall” technique from Dundee to Dubai (Conference Hall A)
Speaker: Dr Iyad Hunein
12:00 – 12:45
Is the removable prostodontics still in need? (Conference Hall D)
Speaker: Dr Ahmed Abd El Hamid
12:15 – 12:45
Dental implant treatment options for the terminal dentition and for the totally edentulous patient (Conference Hall E)
Speaker: Dr Rawad Samarani
14:00 – 14:45
Enhancing prevention of oral diseases in our communities through structured scientific research course(s) in the undergraduate dental curriculum: Experience of a private dental college in Riyadh, KSA (Conference Hall C)
Speaker: Prof. Hezekiah Adeyemi Mosabomi
14:00 – 15:00
Ethical dentists: Caring for the underserved (Conference Hall A)
Speaker: Prof. Jack Dillenberg
14:15 – 14:45
Interceptive orthodontics (Conference Hall E)
Speaker: Dr Saud Al-Anazi
14:45 – 15:45
Prescribing medications for paediatric dental patients in GCC Countries (Conference Hall B)
Speaker: Dr Manal Suliman Maashi
15:00 – 16:00
Oral implantology (Conference Hall A)
Speaker: Dr Ehab Rashid
15:45 – 16:30
The position of hyoid bone in different facial patterns: A lateral cephalometric study (Conference Hall E)
Speaker: Dr Kashif Ali Channar
15:45 – 16:45
Molar Incisor Hypomineralization (MIH): Management consideration and challenges (Conference Hall B)
Speaker: Mawlood Kowash
16:00 – 17:00
Randomised controlled clinical study: Immediate, delayed immediate or conventional (Conference Hall A)
Speaker: Dr Tommaso Grandi
Restorative Dentistry (Conference Hall F)
16:30 – 17:30
Evaluation of a new splinted implant design for immediate replacement of a wide mandibular molar (Conference Hall D)
Speaker: Prof. Mostafa Helmy Mostafa Ahmed
17:00 – 18:00
Dento-facial orthopaedics (Conference Hall E)
Speaker: Prof Eyas Abuhijleh

Identica Hybrid
Optimized for model & impression scanning
Rediscover Your Productivity with the new standard for scanners.

Flexible multi-die for shortening the scanning process
74% faster scan times, 84% file size reduction
Triple camera scanning technology and color texture
High accuracy of implant bars and bridges
