Revolutionary PFM Strength & Esthetics

Obsidian®
LITHIUM SILICATE CERAMIC
PRESSED TO METAL

“The best looking PFMs I’ve seen in 27 years as a ceramist.”
Joe Hattouni, CDT, General Manager Fixed Prosthodontics

• FIVE TIMES STRONGER than Ceramco®3 PFM ceramic†
• TWICE THE CHIP RESISTANCE of Ceramco3 PFM ceramic†
• IDEAL FOR BRIDGES that have insufficient vertical space for full-contour zirconia and screw-retained restorations

$139/unit* to non-precious

Share your “before and after” Obsidian® Pressed to Metal case photos and qualify for up to a $600 credit for prescribing an Obsidian PFM case††

††To submit your Obsidian “before and after” case photos for a $300 credit: Log on to “My Account” at www.glidewelldental.com; click “Upload Files”; and then select “Submit Digital Images.” If we choose your case photos to feature in the Obsidian Gallery in Chairside® magazine, you’ll earn an additional $300 credit along with having your casework featured in the magazine. Limited to one case per dentist/account. If you have any questions, call 800-854-7256, or email mail@glidewelldental.com.

BruxZir® Solid Zirconia has transitioned from being solely a posterior material to being an anterior material as well. By increasing the amount of yttria in the zirconia oxide, we were able to create BruxZir Anterior, which features increased translucency and esthetics.

Dr. George Zehak, president of the Chicago Dental Society, offered the evening’s welcoming remarks, and 2016 Gala Co-Chairs Josh Daab and Dr. Jackeline Argandona-Daab offered thank-yous. OHA President and CEO Beth Truett offered million-dollar-donor recognition, which was accepted by Dr. Fotinos Panagakos and Dr. Barbara Shearer of Colgate-Palmolive.

Mistress of ceremonies was vocalist Caitlin Simone, who was backed by the Ken Arlen Evolution Orchestra.

Now in its 61st year, OHA seeks to improve access to oral care, to improve oral health literacy and to advocate for public policy that helps vulnerable Americans. OHA’s Smiles Across America program, just one of the organization’s many initiatives, reaches nearly half a million school-aged children annually. It’s generous industry support that makes it all possible.
