LVI regional events: the future of dentistry

By LVI Staff

Feel like you’re stuck in a rut? Need a change? Having a hard time getting things going with the worry about the economy? This is your golden opportunity to regain control of your practice and recapture your passion for dentistry.

Think about attending a Las Vegas Institute for Advanced Dental Studies LVI Regional Event. You have the opportunity to discover the path that will lead to both personal and professional satisfaction.

As a dentist, you may have heard about LVI and even considered taking a course, but you simply cannot justify spending the money or going through the trouble to bring a patient all the way to Las Vegas to find out what LVI is all about. That makes this the best time to attend one of our regional events, especially if you are feeling bored with the same thing every day or feel stuck with the old way of doing things and just can’t seem to get out of the rut you are in.

LVI one- and two-day regional events are designed to share with the participants a more professionally satisfying and profitable way to practice dentistry. You will receive valuable information about LVI’s esthetic and occlusal philosophies that are revolutionizing our profession.

Among the several things you will learn during the course of the meeting are how to create a golden age of dentistry in your own office, how to take a T.E.N.S. bite for optimal position to restore your cases and how to turn your patients into guests and make it easier for them to accept comprehensive treatment. Finally, hear from our experienced LVI regional directors about their personal journey and how you can create one, too.

By attending a regional event, you will take the first step toward boundless opportunities for you and for your patients’, whose lives will change for the better. Regional events are held throughout the year in different locations around the United States and Canada. Visit www.lvi-global.com/regional-events for a schedule and more information.

Attending a regional event will give you the tools to make a better income and afford better equipment, but while that is great, the most important thing it will do is allow you to deliver better quality of care and a higher quality of living for your patients. It is time for you to learn firsthand what LVI is all about — and once you have experienced it, enjoy the benefits of your education and training.

You don’t have to make a trip to LVI headquarters in Las Vegas to learn what the program is all about. Attend a regional event close to you instead.
