Awesome thing No. 129: clean teeth

No. 129 is no exception in its style. The posting opens with Pasricha’s observations about his parent’s bedtime preparations, then segues into his own late-night web-surfing habits and his “zombie walk” into the bathroom to brush his teeth. The narrative takes a sharp turn when Pasricha notices a spider and contemplates the possibility that it’s been crawling around on his toothbrush.

Pasricha writes: “I stared quickly into the mirror with steely, bloodshot eyes and asked myself what sort of man I was. Was I a frantically-freaking-out-over-spider-germs sort of guy? No, I decided then and there, that I was not. I was a clean-teeth-at-all-costs kind of guy. I was too far in to go back and I needed to hit the pillow with a fresh mouth.”

Other dental-related awesome things on the list:

66: Yellow teeth; 87: The dentist says you have no cavities; 100: Multi-tasking while brushing your teeth.

When the dentist says you have no cavities, 744: That smooth feeling on your teeth after you get your braces off; and 618: The feeling of brushing your teeth with a new toothbrush.

The blog, at 1000awesomethings.com, has spawned three best-selling books, “The Book of (Holiday) Awesome.” Is “The Book of (Even More) Awesome” and “The Book of (Dental) Awesome” far behind?
