Charles Rieger of Sherman Specialty (booth No. 3934) cuddles up with some of the company’s furry critters.
What’s that you are wearing, Roger Telegan? Apparently the cow theme this year at Sikka Software Corp. (booth No. 3437) is all about ‘M.I.L.K. — Market Internally Like [you] Know.’ It’s all about using the right tools to optimize a practice’s financial performance, Telegan says.

PIERREPI Pharma, booth No. 4129, offers Orabloc, an amide local anesthetic containing a vasoconstrictor indicated for local, infiltrative or conductive anesthesia in both simple and complex dental procedures. Fabio Velotti can tell you more at the booth.

Adam Sommer of ConeScan (booth No. 4237).

Mitzi Coatney of DenTek passes out a sample bag at booth No. 4234.

Dr. Kingsley and a group of his dental students from the Institute for Health Education in Jersey City enjoy checking out the exhibit hall on Wednesday.

Meeting attendees listen to an educational presentation in the CAD/CAM & Cone Beam Pavilion on Tuesday morning.

From left, Wilson Chedick, general chairman of the 32nd CIOSP; Adriano Albano Forghieri, president of the Sao Paulo State Dental Association; Torsten Oesnus, CEO of Dental Tribune International; and Silvio Jorge Cecchetto, president of the Brazilian Association of Dentists, celebrate the new partnership between DTI and APCD/ABCD, organizers of the annual CIOSP, the largest dental meeting in Latin America.

Larry and Ellen Wallace, the husband and wife team behind the new Larell One-Step Dentures, speak to attendees at the Patterson booth, No. 3600. Larry Wallace, a board-certified oral and maxillofacial surgeon, developed the system, which uses patented semi custom dentures that allow clinicians to fabricate full dentures in one visit in about an hour with no lab costs. To learn more, Wallace will offer an instructional class today at 9 a.m. in the exhibit floor aisle 3600 glass classroom.

Go have some fun with Caitlin Wright and Sam Turner at the Coltene booth, No. 4202.
Les Kalman is the inventor of the Virtual Facebow open-source app. You can stop by Research Driven (booth No. 1004) to learn more and to scan a QR code from your smartphone or tablet.

Want to break up your day with a little magical fun? Stop by and see the magician at the DC Dental booth, No. 5201.

Stop by booth No. 124 to learn more about DENTSPLY Implants' many product lines for complete implant care.

Attendees wait in line for a chance Tuesday to check in on email and other web activities at the Internet Café.

It's not too late for your hearing check! Stop by the exhibit floor rear aisle 5400 for your 5-minute hearing screening.

Meeting attendees visit exhibitors on the show floor Tuesday morning at the Greater New York Dental Meeting.

Meeting attendees visit with an expert at Smile Line USA (booth No. 837) to learn more about dental technology.

Krimzon Marrero leads an informational session at the Philips Sonicare booth, No. 4800.

If you, too, are celebrating Hanukkah here at the GNYDM, you might appreciate the menorah made of dental implants at AB Dental, booth No. 5827. Say hi to Ofra Bar-Shalom when you're there.

Attendees wait in line for a chance Tuesday to check in on email and other web activities at the Internet Café.
